*A Time
for
Thanks*

As we approach Thanksgiving and the Holidays, we would like to express our heartfelt appreciation to all our patients for letting us be your dental providers. We are especially grateful for the referrals of your friends and family as a way of showing your confidence and trust in our office. We look forward to seeing many of you before the year's end, but for those of you who are not due in, we wish you all Happy Holidays and a great New Year!

As promised, more changes are in store at Arrowhead Dental. Treatment rooms 6 and 7, which many of you remember from 25 years ago, are being completely remodeled and equipped. The interior restroom has been renovated and the long hallway will soon have the thousands of paper charts removed. We have also added two new laser instruments, one to treat periodontal disease, and the other to detect decay using laser light.

*All of us at
Arrowhead Dental Associates*

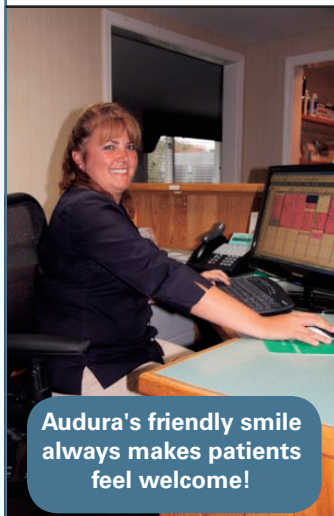

DENTISTRY FROM THE HEART

On Saturday, August 21st, 2010, our doctors, staff, and family volunteers participated in our 2nd annual Dentistry from the Heart event. Oral Surgeons Kevin Kiely and Rob Gilardetti joined all of us on our favorite day of the year to provide free dental services to those in our community who would otherwise be unable to afford it.

It was a beautiful summer day and we were able to see over one hundred and thirty people who received exams, cleanings, fillings, sealants, x-rays, extractions, and preventative services. We are grateful to our staff, volunteers, and local businesses that contributed to our event helping us to once again provide a day filled with smiles.

We all look forward to next year's event on August 20, 2011.

**Audura's friendly smile
always makes patients
feel welcome!**

Use It or Lose It

Did you know that if you don't use your insurance benefits before the end of the year that you lose them! If you have dental insurance, please remember your annual benefits for 2010 will expire on December 31st and cannot be carried over to 2011. Now is the time to make an appointment to utilize your 2010 coverage for any needed dental treatment or for your cleaning and exam to provide early detection of potential problems. Don't wait to make an appointment. Your insurance company is the one who benefits when you let these benefits expire.

We Welcome and Appreciate Your Referrals

Look for us at upcoming Health Fairs in your workplace or community.

And if you know of an event that may be looking for a dental health exhibit, please have them give us a call.

Health Fair

Arrowhead Dental Associates was delighted to be part of the recent Health Fair at the Arcadia YMCA in Hope Valley. We at Arrowhead realize the importance of spreading the word about good oral hygiene and the health fair was a great opportunity for us to speak with many interested people who attended the event. Tanya, Jill and Jennifer were present to answer questions about dental health and all the services we offer. Attendees who stopped at our exhibit were entered in a free custom whitening contest which was won by Stephanie Smith of Hope Valley.

contest winner**

Jill Milton, RDH ~ Fifteen Years at Arrowhead!

Working behind the scenes with patients who soon become friends, Jill Milton, our hygienist of fifteen years, is a lovely staff member whom everyone adores. Her schedule is so full patients dare not cancel because they may never get in to see her again! With her oral healthcare skills topnotch and her people skills even better, Jill makes everyone who enters her treatment room feel special while providing the gentlest of dental care. Jill is a favorite employee who creates a serene and professional environment while also having lots of fun with patients and staff alike. We are so glad Jill chose us as her dental practice fifteen years ago.

Jill, who graduated in 1986 from Forsyth School for Dental Hygiene in Boston, lives in Richmond with her husband, Eric, and three children, Jake, Jackie, and Bridget.

Congratulations on your anniversary, Jill, and we look forward to another fifteen years!
